Get ready for the training events!

The project reached the stage where everything came together! All the partners are in the process of organizing events in their respective countries for everyone interested in learning about the TRUE Project, the goals and the results and in general learning about blockchain technology in HEIs.

What's next

All three goals of the project are achieved! The MOOC, the Serious Game and the Events to promote the project and to start educating HEI people in blockchain.

The TRUE Project is starting to take shape and we are all very excited and happy. Stay tuned and be part of the community!
